Item number: 6361153

I support with welded head plate. For fastening to horizontal concrete ceilings and steel girders. Single and double-sided brackets of type AS 15, AS 30 and AS 55 can be fastened to the IS 8 K suspended support. The height of the brackets is infinitely adjustable.

FT

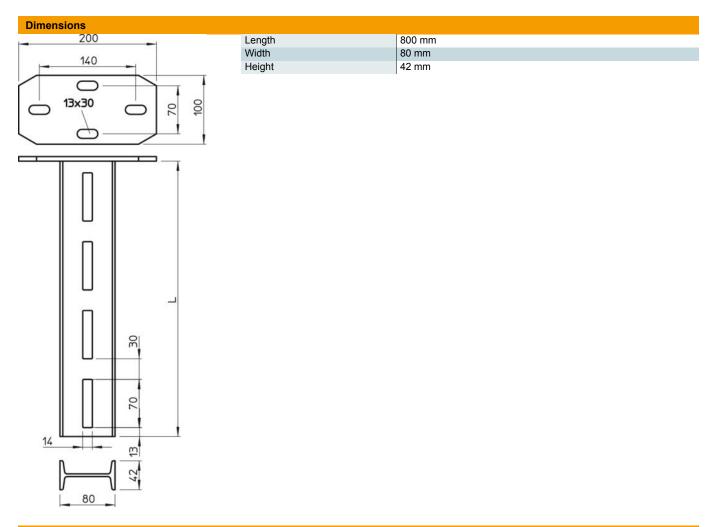

Hot-dip galvanised

Characteristic anchor load values for IS 8 K suspended support

Single-sided load	
	Max. I

Single-sided load											
	Max. load [kN]										
	Bracket width [mm]										
Anchor type	110	210	310	410	510	610					
BZ3 10x90/0-30	4.84	3.64	2.92	2.44	2.10	1.83					
BZ3 12x110/0-35	6.60	5.02	4.04	3.37	2.89	2.53					

Max. total load F = cable weight + cable tray + bracket + suspended support. The tabular values for double-sided loads take the available axis spacing ai = 10 cm into account. The stated values are based on uncracked concrete of compressive strength C20/25. Please comply with the installation conditions of ETA(anchors).
